

**Personalized support
throughout your
treatment journey**

Welcome to

My VYVGART® Path

It may feel overwhelming getting started on a treatment. With My VYVGART Path, you'll have access to resources and personalized support throughout your treatment journey.

My VYVGART Path is a patient support program that pairs you with a dedicated Nurse Case Manager (NCM), who can help you navigate insurance, offer resources, talk through your challenges, and more.

There are 2 options to sign up once your doctor has prescribed you VYVGART Hytrulo:

OPTION 1

Visit enrollMVP.com to complete the My VYVGART Path enrollment form.

OPTION 2

Speak with your doctor and ask to be enrolled in My VYVGART Path.

Information provided by the Nurse Case Managers is not intended or implied to be a substitute for professional medical advice, diagnosis, or treatment. Always consult with a qualified and licensed physician or other healthcare provider regarding your medical condition, treatment, and healthcare needs.

Please see Important Safety Information on page 9. Please see full [Prescribing](#) and [Patient Information](#) for VYVGART HYTRULO.

A Nurse Case Manager is ready to help

Already enrolled in My VYVGART Path?

Call **1-833-MY-PATH-1** (1-833-697-2841)
to connect to an NCM.

Please see Important Safety Information on page 9. Please see full [Prescribing](#) and [Patient Information](#) for VYVGART HYTRULO.

Meet the support team

As you get started on treatment, it's important to know you're not alone. Learn how the My VYVGART Path team can provide you with personalized support at every step.

The Nurse Case Manager (NCM)

They are here to help guide you

Starting a new treatment may have you asking lots of questions. Once your doctor has enrolled you in My VYVGART Path, an NCM welcomes and connects with you directly throughout the journey to share information on topics such as:

- ➔ Understanding your treatment
- ➔ Feeling empowered with resources and information
- ➔ Learning about additional education and resources if you are self-injecting with the VYVGART Hytrulo prefilled syringe
- ➔ Navigating the insurance process
- ➔ Understanding potential financial assistance programs

Please see Important Safety Information on page 9. Please see full [Prescribing](#) and [Patient Information](#) for VYVGART HYTRULO.

The Access Manager (AM)

They are here to help clear the way

The AM can help navigate barriers you may have to accessing VYVGART Hytrulo. They communicate with your NCM to be sure you're enrolled in My VYVGART Path. They may also help with reimbursement support by:

- Determining financial assistance eligibility and affordability support (such as co-pay)
- Providing guidance on the prior authorization and appeals process
- Talking with the pharmacy or treatment center to understand concerns

The Field Access Specialist (FAS)

They are here to help see the bumps ahead

The FAS works with your doctor, specialty pharmacy, insurance company, and other key decision-makers to help navigate any reimbursement or treatment access issues by:

- Reviewing your insurance benefits
- Finding potential financial assistance
- Flagging potential barriers to treatment (such as denials or delayed shipment)

How My VYVGART Path guides you through each step of your treatment journey

My VYVGART Path enrollment

Once enrolled in My VYVGART Path, you will receive a call from an NCM to welcome you into the program. A Welcome Kit will be mailed to you that includes a treatment journal and other helpful resources.

Cost and coverage information

An NCM works with your support team to help you and your doctor's office navigate the insurance process and understand your plan's coverage requirements for VYVGART Hytrulo.

The My VYVGART Path team will complete a benefits investigation to help provide you with personalized information about your insurance coverage, potential financial assistance programs, and possible out-of-pocket costs.

Treatment begins

As you begin treatment, an NCM is here to answer questions you and your loved ones may have. They can help with things like:

- ➔ Explaining how VYVGART Hytrulo works
- ➔ Helping you understand the treatment process
- ➔ Providing guidance to help discuss treatment goals with your doctor
- ➔ Sharing educational information and resources on the injection process

Ongoing support

NCM assistance continues through your VYVGART Hytrulo treatment process, providing guidance and teaching you about tracking your symptoms and abilities, which can inform your discussions with your doctor.

Why enroll in MVP?

A personalized understanding of your treatment

My VYVGART Path NCMs are knowledgeable about VYVGART Hytrulo and are dedicated to listening to you and answering any questions you may have.

Empowering resources and information

NCMs can support you throughout your treatment journey to help you in following your doctor's treatment plan. If you'll be self-injecting with the VYVGART Hytrulo prefilled syringe, your NCM can help with education and resources for that, too.

Hands-on help navigating the insurance process

Dealing with insurance can be complicated. An NCM can help answer any questions you have, help you understand the process, and verify what is covered by your insurance.

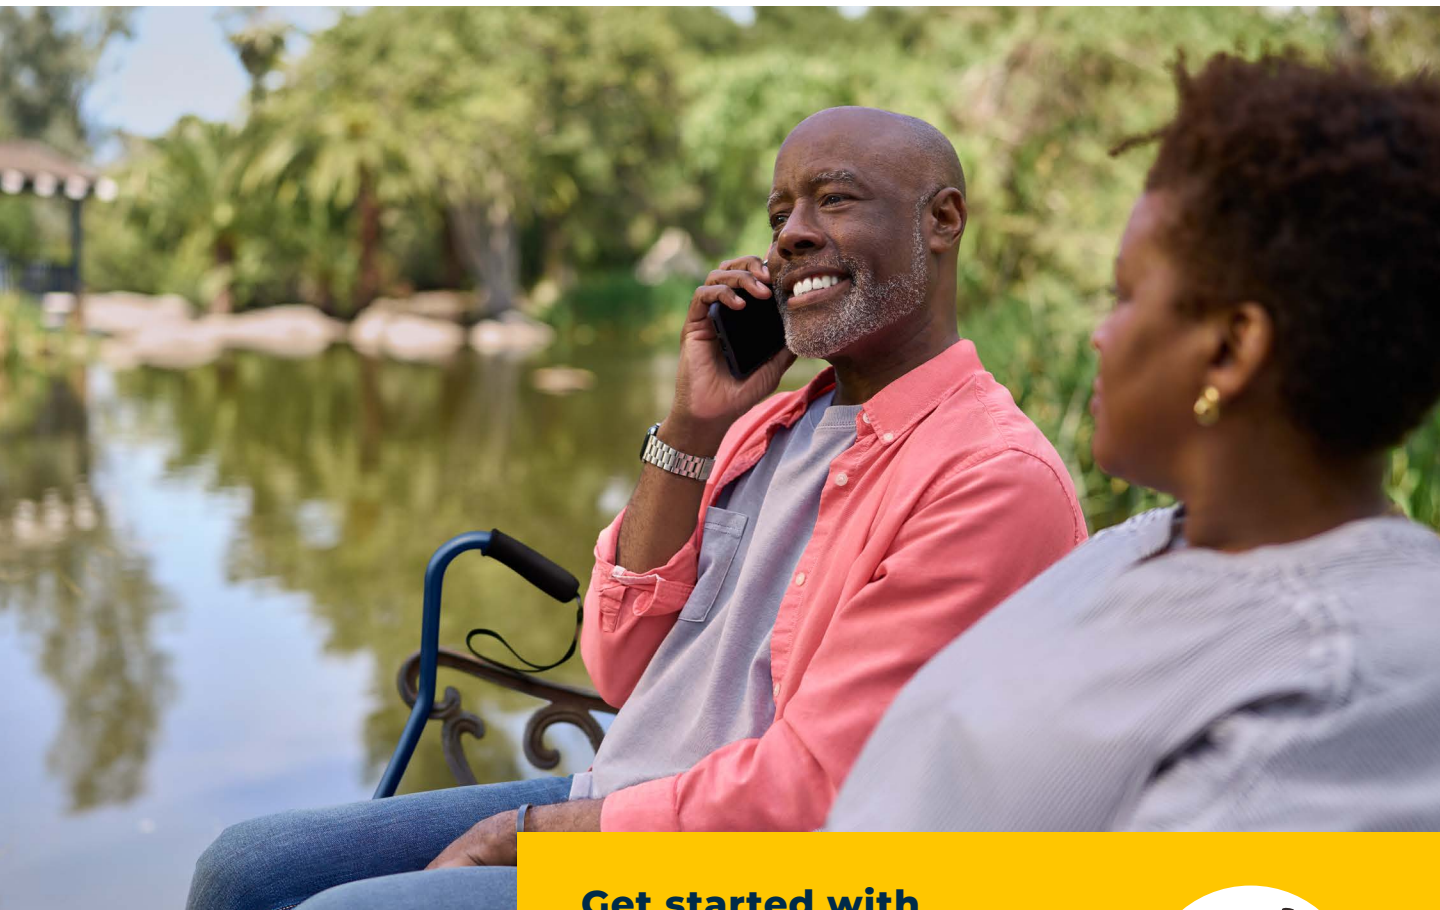

Helpful information about a co-pay program and financial assistance programs

If you have financial concerns or gaps in insurance coverage for your VYVGART Hytrulo therapy, an NCM is here for you with information and support.

Information provided by the Nurse Case Managers is not intended or implied to be a substitute for professional medical advice, diagnosis, or treatment. Always consult with a qualified and licensed physician or other healthcare provider regarding your medical condition, treatment, and healthcare needs.

IMPORTANT SAFETY INFORMATION

Do not take VYVGART HYTRULO if you are allergic to efgartigimod alfa, hyaluronidase, or any of the ingredients in VYVGART HYTRULO. VYVGART HYTRULO can cause serious allergic reactions and a decrease in blood pressure leading to fainting.

Before taking VYVGART HYTRULO, tell your healthcare provider about all of your medical conditions, including if you:

- have an infection or fever.
- have recently received or are scheduled to receive any vaccinations.
- have any history of allergic reactions.
- have kidney (renal) problems.
- are pregnant or plan to become pregnant. It is not known whether VYVGART HYTRULO will harm your unborn baby.
 - Pregnancy Exposure Registry. There is a pregnancy exposure registry for women who use VYVGART HYTRULO during pregnancy. The purpose of this registry is to collect information about your health and your baby. Your healthcare provider can enroll you in this registry. You may also enroll yourself or get more information about the registry by calling 1-855-272-6524 or going to VYVGARTPregnancy.com
- are breastfeeding or plan to breastfeed. It is not known if VYVGART HYTRULO passes into your breast milk.

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements.

VYVGART HYTRULO can cause side effects which can be serious, including:

- **Infection.** VYVGART HYTRULO may increase the risk of infection. If you have an active infection, your healthcare provider should delay your treatment with VYVGART HYTRULO until your infection is gone. Tell your healthcare provider right away if you get any of the following signs and symptoms of an infection:
 - fever
 - chills
 - frequent and painful urination
 - cough
 - pain and blockage of nasal passages
 - wheezing
 - shortness of breath
 - sore throat
 - excess phlegm
 - nasal discharge

- **Allergic reactions (hypersensitivity reactions).**

VYVGART HYTRULO can cause allergic reactions that can be severe. These reactions can happen during, shortly after, or weeks after your VYVGART HYTRULO injection. Tell your healthcare provider or get emergency help right away if you have any of the following symptoms of an allergic reaction:

- rash
- swelling of the face, lips, throat, or tongue
- shortness of breath
- hives
- trouble breathing
- low blood pressure
- fainting

- **Infusion or injection-related reactions.**

VYVGART HYTRULO can cause infusion or injection-related reactions. These reactions can happen during or shortly after your VYVGART HYTRULO injection. Tell your healthcare provider if you have any of the following symptoms of an infusion or injection-related reaction:

- high blood pressure
- chills
- shivering
- chest, stomach, or back pain

The most common side effects of VYVGART HYTRULO include respiratory tract infection, headache, urinary tract infection, and injection site reactions.

These are not all the possible side effects of VYVGART HYTRULO. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

What is VYVGART HYTRULO® (efgartigimod alfa and hyaluronidase-qvfc)?

VYVGART HYTRULO is a prescription medicine used to treat adults with chronic inflammatory demyelinating polyneuropathy (CIDP).

It is not known if VYVGART HYTRULO is safe and effective in children.

Please see full Prescribing and Patient Information for VYVGART HYTRULO.

Dosage forms and strengths:

VYVGART Hytrulo is available as a single-dose subcutaneous injection containing: 200 mg/mL of efgartigimod alfa and 2,000 U/mL of hyaluronidase per prefilled syringe, or 180 mg/mL of efgartigimod alfa and 2,000 U/mL of hyaluronidase per vial.
