180 mg/mL and 2000 U/mL vial

Insurance and Coverage Guide

Here to help you navigate your
VYVGART Hytrulo journey

- ➔ Understand your insurance
- ➔ Navigate cost and coverage
- ➔ Explore potential financial assistance programs

Understand your insurance

VYVGART Hytrulo has **coverage** from both national and regional payers. However, your insurance coverage for VYVGART Hytrulo depends on the terms and conditions listed in your insurance plan.

- ➔ **Coverage** is your legal entitlement to payment or reimbursement for certain healthcare costs. Generally, this is specified under a contract with a health insurance company, a group health plan offered in connection with employment, or a government program like Medicare or Medicaid

Medicare

Medicare is a federal insurance program for adults aged 65 years or older. Younger individuals with certain types of disabilities may also qualify.

Medicare may cover treatments for FDA-approved indications. This insurance program has 4 parts (A, B, C, and D), each providing a specific type of coverage.

- ➔ Medicare Part A covers inpatient hospital stays, care in a skilled nursing facility, hospice care, and some home healthcare
- ➔ Medicare Part B helps cover doctors' and other healthcare providers' services, outpatient care, home healthcare, durable medical equipment, and many preventive services
- ➔ Medicare Part C (Medicare Advantage) is a Medicare-approved plan from a private company that offers an alternative to Original Medicare for your health and drug coverage. These "bundled" plans include Part A, Part B, and usually Part D
- ➔ Medicare Part D helps cover the cost of prescription drugs
- ➔ Medicare Supplement Insurance (Medigap) is extra insurance you can buy from a private company that helps pay your share of costs in Original Medicare

Medicaid

Medicaid is a health insurance program that is administered by the government. Medicaid may provide coverage for families with low income, individuals who are pregnant, older adults, and people with disabilities. Each state has different eligibility rules.

Dual eligibility

People who are enrolled in both Medicare and full-benefit Medicaid and/or a Medicare Savings Program (MSP) have dual eligibility.

- **Medicare Savings Programs:** MSPs assist with Medicare Part A and B expenses for people with low incomes

Commercial insurance

Commercial insurance, also called private insurance, is provided and administered by a private insurance company. You may receive this insurance from your employer or purchase it from the Health Insurance Marketplace.

No health insurance

If you do not have insurance, you can purchase a health insurance plan from the Health Insurance Marketplace during Annual Enrollment or a qualifying life event. Reviewing a plan's summary of benefits and coverage (SBC) can be helpful when deciding which plan to choose.

- An SBC is a short, plain-language summary of a health plan's benefits and coverage that you can use to review the benefits and cost of an insurance plan

We can help you understand your insurance coverage!

My VYVGART Path is a Patient Support Program that provides personalized support from committed Nurse Case Managers and Access Managers. The team at My VYVGART Path can help you navigate your insurance and understand your insurance plan.

- Nurse Case Managers may be able to inform you about potential financial assistance programs, check your eligibility for the VYVGART Co-pay Program, and refer you to charitable foundations that may help cover some of your out-of-pocket costs
- Access Managers can complete a benefits investigation and help you understand your insurance coverage, including possible out-of-pocket costs you may have for VYVGART Hytrulo

To get started, ask your doctor to enroll you in My VYVGART Path or self-enroll at MyVYVGARTPathCIDP.com/enroll

Navigating cost and coverage

Your **out-of-pocket cost** for VYVGART Hytrulo may vary depending on your insurance plan. Different factors such as your insurer's **co-pay, co-insurance, deductible, site of care,** and **out-of-pocket maximum** requirements for medications may impact your treatment cost.

Where you receive treatment and whether your provider or specialty pharmacy is in **network** may also affect your out-of-pocket costs.

- **Out-of-pocket cost** is your expenses for medical care that aren't reimbursed by insurance. Out-of-pocket costs include deductibles, co-insurance, and co-payments for covered services plus all costs for services that aren't covered
- A **co-pay**, also called a co-payment, is a fixed amount you pay for a covered healthcare service and/or prescription medication after you've paid your deductible
- **Co-insurance** is the percentage of costs of a covered healthcare service you pay after you've paid your deductible
- A **deductible** is the amount you pay for covered healthcare services before your insurance plan starts to pay
- **Site of care** is the physical location of your treatment. Examples of a site of care include hospital inpatient, hospital outpatient, physician office, ambulatory infusion site, and home-based setting
- An **out-of-pocket maximum** is the most you have to pay for covered services in a plan year. After you spend this amount on deductibles, co-payments, and co-insurance for in-network care and services, your health plan pays 100% of the costs of covered benefits
- A **network** is the facilities, providers, and suppliers your health insurer or plan has contracted with to provide healthcare services

What is an explanation of benefits?

After starting VYVGART Hytrulo, your insurance provider may mail you an explanation of benefits (EOB). An EOB is a statement that explains how much of the treatment costs your insurance will cover and what your potential out-of-pocket cost may be.

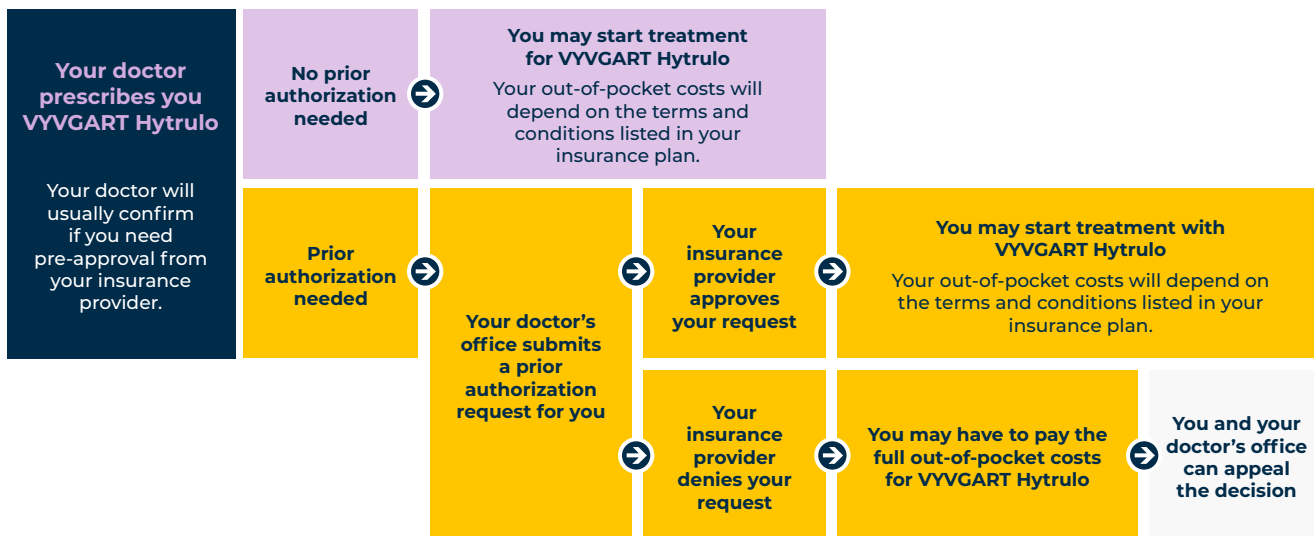

- An EOB is often sent to you after your provider or specialty pharmacy submits a claim to insurance for the treatment you've received. It's important to remember that an EOB is not your treatment bill

Do you need prior authorization for VYVGART Hytrulo?

Many insurance plans require prior authorization for VYVGART Hytrulo. Prior authorization, also called a pre-authorization or pre-approval, is a process insurance providers use to determine whether they will provide insurance coverage for specific healthcare services or prescriptions.

! Each insurance company's timeline for the VYVGART Hytrulo prior authorization process may vary. You can reach out to the team at My VYVGART Path to receive more information and updates about the insurance process.

Overview of the prior authorization process

Explore potential financial assistance programs

If you have financial concerns or gaps in your insurance coverage, My VYVGART Path may be able to provide you with personalized support, resources, and information.

Once your doctor enrolls you in My VYVGART Path, the team will complete a benefits investigation to help provide you with personalized information about your insurance coverage, potential financial assistance programs, and possible out-of-pocket costs.

- ➔ **If you have commercial or private insurance**, you may be eligible for assistance through the VYVGART Co-pay Program. Eligible commercially insured patients may pay as little as \$0 for VYVGART Hytrulo and may receive a maximum benefit of \$25,000 per calendar year for their eligible out-of-pocket costs for the drug and drug administration
- ➔ **If you do not have health insurance**, you may be eligible for financial assistance through the My VYVGART Path Patient Support Program

My VYVGART Path or self-enroll at
MyVYVGARTPathCIDP.com/enroll

If you're already enrolled in the program, call **1-833-MY-PATH-1** (1-833-697-2841) to speak with a Nurse Case Manager.

Frequently asked questions

→ **What is a prior authorization?**

Prior authorization is a pre-approval your insurance provider may require before you can receive coverage for certain healthcare services or medications.

→ **Why is it taking so long to receive a decision from my insurance provider?**

Medications that are recently FDA-approved may have longer timeframes for insurance pre-approval decisions. Other factors such as missing information, an incomplete application, or a delayed submission can impact how long it takes to receive a decision. If you're enrolled in My VYVGART Path, the team can provide updates on the prior authorization process and support your doctor's office with the insurance process.

→ **What if I don't have health insurance or I cannot afford my treatment?**

If you do not have health insurance coverage, you may be eligible for financial assistance through My VYVGART Path, a Patient Support Program. Ask your doctor to enroll you in the Patient Support Program. Once you're enrolled, Nurse Case Managers can share information about potential financial assistance programs you may be eligible for.

Charitable foundations may be able to provide financial assistance for specific conditions and costs associated with treatment. However, funding from foundations may not be guaranteed and may differ from year to year. Nurse Case Managers may be able to refer you to charitable foundations that may be able to help with your out-of-pocket costs.

→ **What if my insurance denies coverage for my treatment?**

You may still be able to receive treatment, but your out-of-pocket costs may be high if you do not obtain insurance coverage. If you're denied coverage for VYVGART Hytrulo, the team at My VYVGART Path may be able to assist your healthcare provider with the appeal process. If the appeal process is exhausted, a Nurse Case Manager from My VYVGART Path may be able to provide information on potential financial assistance programs.

→ **How will I know what my out-of-pocket costs will be for my treatment?**

Your out-of-pocket costs may vary depending on your insurance plan. Many different factors may impact your treatment cost. You can contact your doctor's office, specialty pharmacy, site of care, or insurance provider's customer service to learn more about potential out-of-pocket costs you may have. You can also review your plan's EOB to see a description of what costs your insurance plan may cover.

If you're enrolled in My VYVGART Path, you can reach out to the team to complete a benefits investigation. The team can review your coverage and inform you about potential out-of-pocket costs you may have for VYVGART Hytrulo.

→ **Will I receive a bill from my site of care?**

You may get a bill from your site of care. A site of care is the physical location where you receive an injection. Examples of site of care locations include an infusion center, your physician's office, or an ambulatory infusion site. Your bill may also include costs for injections you received at home. Contact your site of care's billing department if you have any questions about your treatment bill.

Glossary

➔ **Benefits investigation**

A benefits investigation is a review process with the aim of assessing a patient's medical or pharmacy insurance benefits.

➔ **Claim**

A claim is a request for payment that you or your healthcare provider submits to your health insurer for covered healthcare services and treatments.

➔ **Commercial insurance**

Commercial insurance, also called private insurance, is provided and administered by a private insurance provider. You may receive this insurance from your employer or purchase it from the Health Insurance Marketplace.

➔ **My VYVGART Path**

My VYVGART Path is a Patient Support Program that provides personalized support from a Nurse Case Manager and committed support team.

➔ **Network (in-network and out-of-network providers)**

A network is made up of the healthcare providers, facilities, and suppliers that your health insurer or plan contracts with to provide healthcare services.

➔ **Prior authorization**

Most insurance companies need to pre-approve specific healthcare services or prescriptions before you can receive it. This process for getting approval is called a prior authorization (pre-authorization).

➔ **Specialty medication**

A specialty medication is a prescription that requires special handling, special administration, or is a high-cost treatment.

➔ **Summary of benefits and coverage**

Summary of benefits and coverage is a short, plain-language summary of a health plan's benefits and coverage. You can use it to compare the benefits and costs of different insurance plans.
